

ClearStructure Financial Technology Accelerates Growth with Opening of New Office in Hyderabad, India

DANBURY – September 25, 2018 - ClearStructure Financial Technology, a leading provider of award-winning portfolio management solutions used by investment management professionals and firms including Hedge Funds, traditional Asset Managers, Private Equity, Private Debt, Administrators, and CLO Managers, today announced the opening of its Hyderabad, India office.

ClearStructure's expansion into India builds on its success globally and allows the company to better serve its growing roster of clients. "Since opening our New York office at the end of 2017, we have continued to experience solid growth in our client base and have built a strong operational foundation. This continued expansion of our global presence reinforces our commitment to client support and development globally," said Jeremy Hintze, Partner, Chief Operating Officer, ClearStructure Financial Technology. "With our global footprint, ClearStructure has the reach it requires to support our clients 24 hours a day."
